Objective

I am an ambitious, self-taught Web Developer that is ready to turn a passion into a career. With over 5 years of self-driven coursework and projects, I have experience prototyping internal tools, creating attractive user interfaces, scalable databases, as well as testing and debugging.

Experience

05/2019 – 03/2020
Tangent, Oregon

Senior Lab Director
Vero Naturals
- Managed and trained the production team in a fast-paced start up environment
- Created and implemented production and testing protocols that met USDA FSIS guidelines
- Designed and maintained Excel spreadsheets to track production and test data
- Utilized reports to optimize current process and procedures
- Collaborated with third-party state and federally accredited testing labs to achieve and maintain industry standard product qualities

05/2017 – 03/2019
Keizer, Oregon

Farm Manager
EVO-AG Solutions LLC
- Designed and implemented large scale irrigation systems for optimizing crop production and water consumption efficiency
- Collaborated with the marketing and sales team to create a client network which resulted in a 15% increase in quarterly sales revenue
- Supervised and trained multiple teams of 20+ employees that oversaw daily field maintenance and crop quality control

01/2012 – 02/2014
San Rafael, California

Sales Marketing Assistant
Marin Mortgage Group
- Maintained and organized databases responsible for tracking current and potential sales leads
- Used data-driven model to optimize the company's focused audience
- Assisted in the creation, design and finalization of marketing materials including monthly newsletters and urgent rate changes through physical and digital mediums

Education

01/2014 – 12/2016
Santa Rosa, California

Completed Computer Science Course Work
Santa Rosa Junior College
- CS10 – Introduction to Programming C++
- CS11 – Data Structures & Algorithms C++
- CS81.21 – Introduction to Unix
- CS12 – Assembly Language Programming
- CS50A – Web Development 1
- CS50B – Web Development 2

Education

03/2020 – 09/2020
Online

Udemy
- The Complete Node.js Developer Course
- The Complete React Developer Course (Hooks and Redux)
- The Modern GraphQL Bootcamp (with Node.js and Apollo)
- The Complete React Developer in 2020 (with React, Hooks and GraphQL)
- Bootstrap 4 From Scratch

Skills
